

New Service

Respiratory Rapid Access Clinics

In response to GP feedback, Respiratory Medicine will offer a rapid review for individuals for whom an early specialist review may avoid unscheduled healthcare use.

Self-care Personal action plans and community pharmacies 	GP review For most acute respiratory illnesses 	RRAC Early specialist input to prevent deterioration 	ED For unstable patients 
--	--	--	--

Consultant-led clinics will run twice per week. Patients do not need to be known to our services previously. These clinics do **not** replace existing urgent referral pathways such as those for lung cancer or pleural disease.

Referral process

-  Phone the on-call registrar through SCGH switchboard (08) 6457 3333
-  Fax through relevant supporting information to (08) 6457 1555

For more information, please email us at resp.scgh@health.wa.gov.au with the subject "RRAC"
